

Beat the Heat with Quality A/C Condensers from Northern Radiator

Keep your customers cool in the cab with Northern's extensive coverage of A/C Condensers for heavy duty truck applications! Northern's selection of A/C Condensers are designed and engineered to strict quality standards to ensure reliable performance (as well as meeting or exceeding OEM standards). Most utilize proven parallel flow style construction which results in greater cooling capacity and efficiency. (Stock of tube and fin style construction condensers are also available when heavy duty applications call for it.) Northern's A/C Condensers are backed by a 2-year or 250,000 mile limited warranty (whichever occurs first) so you can feel confident in your purchase.

Under the hood, or in the cab, keep the heat at bay with quality aftermarket parts from Northern—your trusted source for cooling system solutions!

- Largest all makes/all models program with over 250 condensers covering thousands of heavy duty truck & bus applications
- Meets or exceeds OEM quality standards and specifications
- Designed to efficiently work with your original equipment A/C components
- 2-Year/250,000 mile warranty from date of installation
