SEALS LEAKING FUEL TANKS!

Northern Fuel Tank Liner is resistant to gasoline, diesel fuel, hydraulic fluids, alcohol blends, ethanol and other fuel additives. Its major use is to seal leaking fuel tanks. Complete Kit Includes Cleaner, Prep and Sealer!

Easy Instructions: Clean, Prep, Seal

- Will never crack or peel off. No expensive come-backs.
- Seals old rust in and prevents future rusting.
- Seals all the pin-holes, including the ones you can't find.

Three easy steps, all in one box! Northern offers one retail ready tank liner kit for automotive applications and one kit for motorcycles. The kits include one of each; Fuel Tank Cleaner, Tank Prep and Fuel Tank Liner. **Ships UPS.**

(Solvents such as methyl ethyl ketone, acetone, methyl chloride and propylene oxide will completely dissolve the polymer. Not recommended for use on water tanks.)

Cycle & Small Engine Tank Liner Kit

Contains 1 Pint Each: Fuel Tank Cleaner, Fuel Tank Prep, Fuel Tank Liner

RW0125-8

Automobile & Ag Tank Liner Kit

Contains 1 Quart Each: Fuel Tank Cleaner, Fuel Tank Prep, Fuel Tank Liner

RW0125-9

Tank Cleaner

Cleaning and defuming the tank: Pour the quart of Tank Cleaner into the emptied tank. Slush to cover all surfaces. Allow to soak for 15 minute intervals. Drain and rinse with water several times to be sure no detergent residue remains. Remember a few extra minutes of cleaning will let the chemical work so please be patient for the best results. Do not get onto skin or clothing. Be sure to wear gloves and eye protection goggles.

Yes, UPS-Able

RW0125-78 Pint

RW0125-77 Quart

Tank Prep

Northern Tank Prep is a petroleum solvent and a drying agent to remove any water from the tank. Having a clean, dry, well-prepared tank surface, free of petroleum residue and water is necessary for a successful tank liner bond.

Yes, UPS-Able

RW0125-55 Pint

RW0125-56 Quart

Tank Liner

Northern Tank Liner is resistant to gasoline, diesel fuel, alcohol blends and other fuel additives including E85 fuels. Its major use is to seal leaking fuel tanks. Solvents such as methyl ethyl ketone, acetone, methyl chloride and propylene oxide will completely dissolve the polymer.

Quart and Pint are UPS-Able

RW0125-1 Quart

RW0125-2 Gallon*

RW0125-3 Pint

(1 Quart will cover one 12-15 gallon car or light truck fuel tank.)

*Hazardous fees apply to shipping.

Engine Combustion Leak Test Kit

Quickly and easily detects leaks in all engine types, gas or diesel!

Locate blown gaskets, cracked heads or cracked blocks quickly as test fluid changes color when leak is found. Before you start engine repairs, be sure there are no internal motor leaks.

Instructions: With motor idling, place the tester in radiator filler neck and close off the overflow tube. Use rubber syringe as directed to pull air from radiator, through liquid. If combustion gas is leaking into the cooling system, test fluid changes from blue to yellow.

Can be used 6 or 7 times and returns to the original color when air is re-introduced after test.

Engine Test Kit Includes:

Combustion Leak Test bulb & 16 oz. bottle test fluid.

Z14005 Engine Combustion Leak Text Kit

Z14006 Test Fluid Only 16 oz.

Z14007 Large Radiator Fillneck Adapter

Polishing Kits

Northern's show car quality polishing kits include the right rouge and tools for a brilliant mirror smooth finish. Northern's Radiator Polishing Kits are designed for smooth surface polishing, not for cast surfaces.

Z12450 Aluminum Radiator Polishing Kit

- (1) Each of black, brown and white polishing compounds
- (1) Each of a mushroom, cylinder and tapered buffs
- (5) Different shape felt bobs
- (2) Spiral sewn mounted buffs
- (1) Single stitch mounted buff

Z12455 Stainless Steel Polishing Kit

- (1) Each of black, brown and green polishing compounds
- (1) Each of a mushroom, cylinder and tapered buffs
- (5) Different shape felt bobs
- (2) Spiral sewn mounted buffs
- (1) Single stitch mounted buff

Exo-Coat External Fuel Tank Sealer

Northern Exo-Coat is for external use on metal tanks. Can be used on fuel tanks, pontoon floats, floating docks and barges. Just brush it on and let it air dry. Light rust and pin holes are sealed. 1 pint covers 2 average fuel tanks.

RW0126

WARNING: This product can expose you to chemicals including Ethylbenzene, Toluene, and Carbon Black, which are known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

Charge Air Cooler Cleaner

For internal cleaning of charge air coolers. Renews performance and enhances heat transfers.

- This product is a combination of an organic orange terpene degreaser and a mild acid cleaner/brightener that removes oil, soot and oxide from the INSIDE of a truck charge air cooler.
- The foaming action blasts away oil and oxidation with cleaning actions NOT found in other products.
- This extensively tested cleaner leaves the INSIDE of your charge air cooler spotless with the oil, grime and oxidation removed. This product DOES NOT harm epoxies, viton rubber, silicone hoses or gaskets.

*Hazardous shipping fees do apply.

RW0149-5 - 5 Gallon Drum

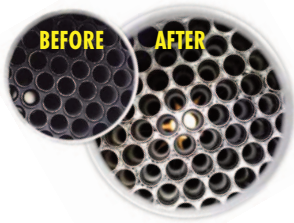

RW0149-15 - 15 Gallon Drum

EGR Flush

An alkaline detergent formulated to remove carbon exhaust buildup and other contaminants from EGR coolers.

Z14016 - 1 Gallon

24" Hydro Gun Flush Tool

Northern's 24" Hydro Gun is the perfect tool for cleaning radiators, charge air coolers or EGR coolers. Northern's Hydro Gun features a Pro-Tec cone nozzle and a heavy duty squeeze trigger air valve with a molded handle. Includes a long handle to keep water from spraying user.

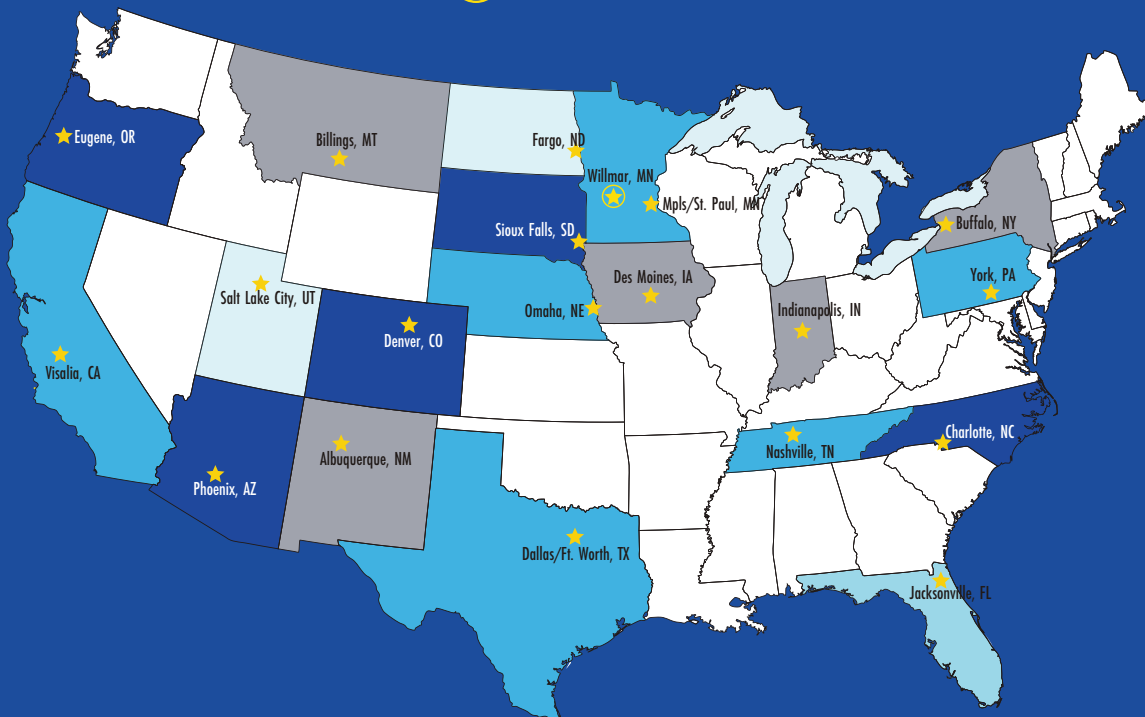

RW0054-5 - Hydro Flush Gun
