➤ ALSO CONSIDER...

- Charge Air Cooler Silicone Hoses
- Silicone Hump Hoses
- Silicone Stick Radiator Hose
- T-Bolt Constant Tension Clamp
- Heavy Duty, Constant Torque Clamps

Replacing your radiator cap regularly can save your customer money at the pump and save wear and tear on their cooling system. Caps have a seal that can wear away over time. The cap is the cheapest and most critical component of the cooling system; it protects your engine and fuel economy.

For information on how to select a cap...
